

Grants and Donations

Novartis Canada is deeply committed to providing support to organizations that deliver real benefits to our communities and beyond. To this end, we are implementing new guiding principles to determine which organizations are eligible to receive funding, and using updated submission windows to support this transition.

We have evolved our guiding principles to ensure our support drives impact for patients and the healthcare system. Starting in January 2022, all grant and donation applicants will need to meet at least one of the new three guiding principles:

1. Innovative digital and data initiatives that strengthen sustainable health systems leading to timely and high-quality delivery of care for patients.
 2. Health equity initiatives that promote equitable access, experience, and outcomes for underserved populations by addressing their specified needs
 3. Community or system-level improvement initiatives that promote a seamless care experience for patients and their families by simplifying care paths and/or system navigation.
- To support this transition, there will be three submission windows in 2025:
 - Submission window 1: January 1 - February 15
 - Submission window 2: June 1 – June 30
 - Submission window 3: September 1 – September 30

A Requestor meeting the above criteria does not guarantee an approval for the grant or donation submission (see submission process section). You can find more information on the updated guiding principles, timelines and requirements [here](#).

If you have any questions, please contact contributions.canada@novartis.com

STEP 1: ACKNOWLEDGEMENT & CONFIRMATION

- ☐ I acknowledge having read the **[Grants and Donations Guidance document \(PDF 0.3MB\)](#)**
- ☐ I confirm that the requesting organization is duly registered in Canada.
- ☐ I confirm that event or activity will not start before 90 days.
- ☐ I confirm that the request for support is not for any of the following categories.
 1. Activities that have already been performed or events that have passed;
 2. Result in Novartis receiving ownership of intellectual property rights;
 3. Directly involve the use of Novartis products;
 4. From or to institutions, associations, or organizations outside Canada;
 5. Entertainment, gifts and promotional items;
 6. Activities held in lavish venues/resorts;
 7. Training of staff organized and performed by the same organization;
 8. Equipment, textbooks, infrastructure or operating expenses and/or "bricks & mortar";
 9. Support for legal or litigation costs;
 10. Sponsorship or travel to attend congresses/meetings held in Canada;
 11. Subscription to publications.

☐ I confirm the request for support is in one or more of the following areas of focus.

1. Cardio-Metabolic
2. Charitable Donation
3. Dermatology
4. Hepatology
5. Immunology
6. Medical Research
7. Neuroscience
8. Oncology - Hematology
9. Oncology - Rare Diseases
10. Oncology - Solid Tumor
11. Ophthalmology
12. Radioligand therapy
13. Respiratory

STEP 2: SUBMIT AN APPLICATION

For grants requests, please complete the online application [here](#)

For donation requests, please **download this document (DOC 0.1 MB)** and send the completed form to contributions.canada@novartis.com.
